

DISCOVERING HYDERABAD

The session was very informative and eye opener for me . It helped me to get to know the city more deeply . It helped me to get to know the various monuments and cultural heritage sites which are available in Hyderabad . The speaker Ms Anuradha reddy is very keen towards monument restoration . The speaker has gone to various monuments and has shown grit and perseverance to start the process of their restoration . She has gone to monuments like Charminar , Golconda fort , Hussain sagar lake and various other museums which are in Hyderabad .

The speaker is very motivating and works for humans . The monuments are our cultural heritage and people like them are actively participating in their restoration so that our coming generation get to see them and do not forget their roots The speaker has motivated us lot to go to monuments and see them . Signing off by saying that monuments are our cultural background and we should look after them.....
