

# ALCOHOL ABUSE

The session was very informative and eye opener for me . It truly described how alcohol can lead to disasters for a person and their family. Alcohol abuse is a very important and serious topic and it needs to be addressed properly which was done in this session...

I liked how the video was very informative and had the right content for us the children of IIIT to understand . The video was satyamdev jayate and addressed real life issues beautifully. The issue is a very crucial one and youngsters get influenced by drinking and alcohol...

Any form of drinking should not be encouraged . Sometimes the session became very emotional but overall I can say that the session was an eye opener for me . The session was truly needed for our generation and was one of the best things IIIT can do for us ..

Ending on a positive note I would like to say that alcohol should be prohibited and should not be encouraged in this age and this session contributed to this idea especially coming from the mouth of The Aamir Khan.....
